TEMPEL FANS,

Another year to celebrate being a Temple Owl is in the books. And there was much to celebrate!!

Our athletic teams had tremendous success on the field, highlighted by three programs earning spots in the national polls. Our student-athletes were equally stellar in the classroom with a record four earning Scholar-Athlete of the Year awards from their respective conferences. I am also proud of the way our young men and women have given back to the community, setting a record for projects and hours in service to others.

Here is a quick glimpse of our major accomplishments:

• Football went 10-4, won the American Athletic Conference Championship title and for the first time in school history earned a spot in the Top 25 and a bowl bid in consecutive seasons.

• Women's Basketball finished at 24-8 overall, made its ninth all-time appearance in the NCAA Tournament and was ranked as high as 20th in the country.

• Gymnastics earned its best 10 scores in program history during the 2016-17 season, and sent its first individual qualifier, Daisy Todd, to NCAA Regionals since 2009.

• Fencing cruised to a school-record 34 wins and earned a program-best national ranking of sixth.

• Women's Lacrosse had its best start in 20 years and posted a record of 13-5.

• Volleyball finished the year at 22-8 (15-5 in league play) and narrowly missed the NCAA Tournament.

• Men's Soccer had another double-figure win campaign, 10-6-2, and boasted four All-Conference selections.

• Men's Crew had four boats medal at the Dad Vail Regatta.

• Three Temple Football players were selected in the 2017 NFL Draft with Haason Reddick becoming the program's fourth first-round pick while women's basketball standout Feyonda Fitzgerald was the 20th pick in the 2017 WNBA Draft.

Owl student-athletes earned a combined GPA of 3.18 for the spring semester, marking the 11th straight semester that Temple student-athletes as a whole have achieved at least a 3.0 GPA.

Sixteen of Temple's 19 varsity sports posted a combined semester GPA above a 3.00 with women's cross country earning the highest recorded semester GPA in department history of 3.75.

Overall, 16 programs earned a cumulative GPA of better than 3.0, led by women's volleyball (3.56) and men's tennis (3.54).

Temple student-athletes posted an 88 percent Graduation Success Rate (GSR), which sets a school-record for the seventh consecutive year. Temple also posted its highest Federal Graduation Rate (71%) since 2010.

The Temple Sports Complex – home to men’s and women’s soccer, field hockey, lacrosse and cross country and track, and the East Park Canoe House – home to men's crew and women's rowing, opened this year, providing our student-athletes with state-of-the-art new facilities to call their own.

All of these accomplishments have been made, in part, due to the generosity of our donors who again set a record for giving to Temple Athletics with an annual fundraising increase by 20 percent from the previous year.

On behalf of Temple Athletics, I thank you for your support, and look forward to seeing you during the 2017-18 athletic year.

GREATNESS DOESN’T QUIT.

STUDENT-ATHLETE DEVELOPMENT

NANCY & DONALD RESNICK ACADEMIC SUPPORT CENTER FOR STUDENT-ATHLETES

Student-athletes at Temple face unique pressures and demanding schedules as they represent Temple in the classroom, on the field, on the court and across the country. Not only do they matriculate at an extremely diverse comprehensive learning environment, but they also compete in some of the nation’s top athletic conferences. They enjoy an active lifestyle in the world-famous city of Philadelphia. And they have the enthusiastic and dedicated support of the Nancy & Donald Resnick Academic Support Center for Student-Athletes, better known as the Resnick Center.

From admission through graduation, the Resnick Center provides advising, tutoring, specialized services, assistive technology and more to all Temple University student-athletes. Every step of the way, we do everything we can to help our Temple Owls be the best students-and the best athletes-they can be.

MENTAL HEALTH INITIATIVES

Continuing to expand on an already successful program implemented in recent years, Temple Athletics expanded its mental health resources by retaining the services of mental health professional, Dr. Annie Yocum. Similar to Dr. Cohen, Dr. Yocum provides regular, one-on-one counseling services for student-athletes across all teams.

STUDENT-ATHLETE WELFARE

The development of Temple’s student-athletes transcends the classroom and training facilities. Temple Athletics takes a holistic approach to student-athlete welfare. From career services to programming and services addressing mental health concerns, Temple University has demonstrated a commitment to providing exceptional resources to ensure a comprehensive student-athlete experience.

STUDENT-ATHLETE CAREER SERVICES

In 2016-17, staff in the Resnick Academic Support Center for Student-Athletes worked to invigorate career services for student-athletes in an attempt to expose them to resources that will assist in their assimilation into the workforce after their playing careers end. Throughout an enhanced partnership with the Career Center, Karen Demmler, Career Coach, continues to work closely with student-athletes and provide on-site career coaching sessions in the Resnick Center. Working with the Center’s Employer Partnerships Team, Temple hosted two large scale career events, where employers and student-athletes connected on campus to learn more about their value added as student-athletes and discuss various employment possibilities.

Recognizing that many Owls opt to continue their education after earning their undergraduate degrees, Temple Athletics continued its partnership with KAPLAN, the leader in graduate test preparation resources, to allow student-athletes to apply for test prep courses at no cost. Fifteen student-athletes participated in GRE, GMAT, MCAT or LSAT prep courses throughout the spring semester.

VERIFIED AT THE RESNICK CENTER

In order to further establish a cross-department culture of career planning and development, in the spring of 2017 the Resnick Center unveiled a branded program for its career services. The VERIFIED program was designed in partnership with Temple’s Career Center to provide concrete steps for student-athletes in their professional growth. Nearly 90 student-athletes opted in to the VERIFIED program, which after completing five tasks towards their verification, were afforded access to events, a VERIFIED-branded t-shirt, business kit, and participation in the exciting “Pro Owls” social media campaign.

The program culminated with an exciting Owls of Capitol Hill experience, where student-athletes traveled to the nation’s capital for a full day of programming. The trip was coordinated by Temple Athletics and its Resnick Academic Support Center for Student-Athletes with special assistance from Kristin Dini Hernandez from Temple Government Affairs. It was a three-part excursion with the first stop at the Capitol Building to meet with Pennsylvania legislators and Temple alums working on the Hill. House Representatives on hand to meet with the Owls were Robert Brady, Dwight Evans, Patrick Meehan, Brendan Boyle and Glenn “GT” Thompson. Student-athletes also heard an impactful message from Temple football alum and current Senior Associate Counsel and Special Advisor to the President, James Schultz.

Next, the Owl student-athletes were treated to a panel at Nationals Park of Temple alumni business leaders in the D.C. area which was moderated by former women’s rower and current reporter for Politico, Ali Watkins (’14). Panelists included Steve Charles (’80), Executive VP/Co-Founder of immixGroup, Lise D’Andrea (’87), former lacrosse player and current CEO/Founder of CSE, Inc., Vivien Dietz (’96), LCSW-C, LICSW, BCD, Social Worker, Mark Levin (’86), Director of Salary Cap and Agent Administration, NFLPA, Kia Johnson (’86), former women’s basketball player and current producer for Reuters, and Jim Van Stone (’94), President of Business Operations, Monumental Sports and Entertainment.

The final stop on the trip was at the Under Armour Office in Baltimore where the group was able to take a behind-the-scenes tour of the Owls’ Official Apparel company.
SPORTS MEDICINE

VISION STATEMENT
All student-athletes are entitled to the state-of-the-art care that can be provided while here at Temple University. The Sports Medicine Team and the Team Physician collaborate in order to coordinate, provide and deliver the appropriate preventative services, rehabilitative services, and treatment options to each student-athlete in a professional setting. The NCAA, affiliated conferences and the University have specific guidelines that must be followed by the Athletics Department, team physicians, athletic trainers, coaches, and student-athletes.

It is the goal of the Sports Medicine Team to keep each student-athlete safe, healthy, and injury-free. In the event of an injury or illness, the Sports Medicine Team will provide quality medical care that enables the student-athlete to return to full participation in not only the sports world but also the classroom.

MISSION STATEMENT
As a highly motivated team of professionals, we strive to provide an excellent standard of care to all our Temple student-athletes, who compete at the highest level of intercollegiate athletic competition, and in doing so aid in developing outstanding leadership experiences for our Temple Owls. Through sound medical and rehabilitative principles, excellent care, and proper consideration given to both the personal and team goals of each student-athlete, this goal can be achieved.

STRENGTH & CONDITIONING

MISSION STATEMENT
To provide a combination of Strength & Speed disciplines in a safe manner that will enable Temple University to possess the strongest, fastest, and most explosive college athletes in the nation - PERIOD.

METHODOLOGY
Temple University Strength & Conditioning Department’s goal is to enhance athletic performance through 6 components: strength training, power and explosion development, flexibility, speed & agility training, core training, and nutrition; combined with injury prevention, increased confidence and a positive self image. Our purpose is to train athletes for their maximal performance in athletic competition. The role of this department is to put to action the highest level of education and resources needed to maintain the optimal level of competition for each individual athlete. The foundation of Owl Strength & Conditioning is based on the tenets of Accountability, Consistency, Organization, Competition, Education, and Attitude.

We utilize Team-Based Training because having teams lift together provides another opportunity to develop chemistry, teamwork, leadership skills, and a competitive environment that will carry over to the field of play. We want to cultivate an atmosphere where the athlete is constantly provided feedback and can evaluate him/herself for weaknesses and able to put in the extra work to correct or modify any deficiencies in order to develop better athleticism for their particular sport.
COMMUNITY SERVICE & OUTREACH

COMMUNITY SERVICE

The office of Compliance and Student-Athlete Affairs facilitates numerous community outreach programs for student-athletes. This effort gives Temple athletes a chance to make a difference in the local communities.

“IT’S ON US” PLEDGE DAY

On Monday, April 17, Temple student-athletes joined those across all three NCAA divisions for the It’s On Us Student-Athlete Day of Action. In efforts to encourage fellow student-athletes, coaches, administrators, and the greater Temple community to take the It’s On Us Pledge, the Student Athlete Advisory Council (SAAC) collected over 113 names during its day-long pledge drive.

In the midst of Sexual Assault Awareness month, SAAC held its pledge drive in front of the Nancy and Donald Resnick Academic Support Center for Student-Athletes. SAAC representatives from each varsity sport encouraged those that stopped by the table to take the online It’s On Us Pledge and bring home an It’s On Us pledge sticker as well as a teal ribbon, the designated symbol for support of sexual assault awareness. Those who took the pledge were also given the opportunity to take pictures with Temple’s It’s On Us cutout and share with friends via social media using the Temple day of action’s custom snapchat filter.

FLOWERS FOR KATIE’S MOM

Track and field junior Katie Pinson gathered together with members of the Temple community on Sunday, April 23, to hold a planting ceremony in honor of her mother, who passed away in Spring 2015. Pinson spearheaded a campaign to raise money for Women in Transition, through the purchase and planting of flowers at Temple Sports Complex. Pinson’s mother was an avid gardener and it is Pinson’s hope that the flowers are a reminder of the importance of philanthropy and making a difference in your local community. Pinson chose to donate the profits to Women in Transition because it is within our local community and because the organization is dedicated to assisting women and children who have been victims of domestic violent, substance abuse, and poverty.

POWERPONG

Temple SAAC hosted the university’s first ever PowerPong tournament, an event combining an educational experience with the opportunity to support the local community while promoting safe and smart decisions in the college environment. In addition to a fundraising tournament, Temple welcomed a special guest from Mother’s Against Drunk Driving. Proceeds from the event were donated to Mother’s Against Drunk Driving.

HABITAT FOR HUMANITY

On March 24 student-athletes from the fencing, women’s soccer and football teams participated in a Habitat for Humanity build right in North Philadelphia. Prior to the build, the Temple athletic department, led by SAAC, helped raise $1,000 to be donated to Habitat for Humanity to help offset the cost for future Habitat builds.

DUNBAR BASKETBALL SURPRISE

Temple men’s basketball held a different type of “practice” on Monday morning, October 17, as they surprised local elementary schoolers at Dunbar Promise Academy with a pick-up game.

SASS SUPPORT EVENT

During National Coming Out Week, the student-athletes of the Temple Student-Athlete Safe Space (SASS) hosted OwlEyes for Allies, a pledge drive that encouraged students and staff to show their support for an inclusive environment. Members of the Temple Athletics community had the opportunity to sign a note of support at the Resnick Academic Support Center. SASS received a total of 174 pledges over the course of the week.

Temple is a member of the founders club for the LGBT SportSafe Inclusion Program, an organization designed to help athletic leadership champion a culture of respect and inclusion. SASS hopes to bring several other initiatives to Temple.

MISSION

The Temple Owl Club provides the resources needed to enrich the lives of our student-athletes as they strive to achieve excellence in the classroom and at the highest level of competition by serving and connecting the Temple community with unparalleled experiences and tradition.

We are committed to operating with integrity in the best interest of the University, the American Athletic Conference and the NCAA.

Support for the Owl Club goes to enhancing the Temple Athletics Department so student-athletes can achieve success on the field of competition and in the classroom, assisting with the following:

• Enhanced facilities and practice spaces
• Foremost recruiting programs to attract talented athletes and coaches
• Key strength and conditioning training
• Advanced technologies and equipment
• Funding for travel to away games and tournaments
• Opportunities for community involvement and leadership development

Facilities/Capital Projects

Temple Athletics is committed to providing first-class facilities for its 19 varsity sports. In an era when colleges and universities are striving to recruit elite student-athletes and coaches to provide the most competitive programs in the country, facilities have become a critical component of success. Building and maintaining outstanding facilities is integral to attracting and retaining top-tier talent.

Facility improvements within Temple Athletics have been substantial over the last few years as evidenced by the following completed projects during the 2016-17 fiscal year:

• The Temple Sports Complex, home to men’s and women’s soccer, lacrosse, field hockey and track
• The newly restored East Park Canoe House, home to men’s crew and women’s rowing
• New practice facility for men’s golf

Other recent facilities enhancements have included:

• Expansion of Edberg-Olson Hall and field turf replacement at Chodoff Field
• Completion of the Pearson-McGonigle basketball practice facility
• Renovated locker rooms for all varsity sports
• Renovated Olympic sport weight room
• Expansion of the Donald and Nancy Resnick Academic Support Center

The Athletics Department is constantly assessing Temple’s facilities in order to provide the best venues for our students to train and compete. Private giving through the Temple Owl Club is pivotal for the success of all future projects. To learn more about supporting a specific project, please contact the Temple Owl Club at 215-204-CLUB (2582).

**Endowments**

Endowments are gifts that keep on giving. Endowments are permanently invested by Temple University and generate earnings and interest for the purpose you choose to support; scholarships, coaches, facility maintenance, sport-specific program support, and much more. A gift to the endowment program is invested into a pool of funds managed by the University. A portion of the earnings from the investment provides annual support to the designated area. The remaining earnings are reinvested to grow the endowment to provide support in perpetuity. To learn more about establishing an Endowment Fund or supporting an existing fund, please contact the Temple Owl Club at 215-204-CLUB (2582).

**Forever Owls/Gift Planning**

Forever Owls and gift planning provides the opportunity to establish an enduring legacy through long-term philanthropic support of Temple Athletics. Remembering Temple Athletics in a will or living trust is an accessible and easy way to express your support. Special arrangements may enable you to plan a gift that will reduce taxes on your estate, provide capital support, or establish an endowment in your name or in memory of a loved one. Whichever option you choose, a bequest costs nothing now and yet gives the immediate satisfaction of achieving your philanthropic goals, while providing critical financial support to Temple Athletics. If you have included Temple Athletics in your estate plans or to learn more about leaving a legacy, please contact the Temple Owl Club at 215-204-CLUB (2582).

**T-Club Mission**

The mission of the T-Club is to provide members with the opportunity to foster and maintain long-term relationships with coaches, teammates, and the university’s athletic department. The T-Club strives to strengthen the bond between Temple Letterwinners, to enhance the history and traditions of Temple University, and to create a culture where members can return and support athletic programs.
