ADMINISTRATION

Greetings!

We hope that you all are staying safe and healthy. Following today's announcement from the MAC and NIU to postpone the fall sports seasons, we will be using this time to start to prepare for our football and volleyball programs to compete this spring.

For those that have renewed their season football tickets for the 2020 season, there are three ways you can apply your payment:

OPTION 1 - DONATION

- The money from a postponed season remains with Athletics as a donation and goes to offset the extensive departmental expenses associated with COVID-19 (approximately \$3M). This includes a significant reduction in our NCAA disbursement, university budget cuts and decrease in student fees.

INCENTIVE:

- If you make a donation this year and next year, we will upgrade your donor benefits by one HAF membership level in year two (2).

OPTION 2 - ROLLOVER

- The money from a modified spring season remains with Athletics and will be used as a credit for the 2021 football season.

OPTION 3 - REFUND

- Request a refund on your football season tickets. We hope you will consider waiting until an announcement on the details of a potential spring schedule is made, at which time we can apply any of the options listed above. We anticipate there will be a difference in pricing.

PREMIUM SEAT PAYMENTS

- Premium seat payments can be allocated as outlined above or left as unrestricted income to Athletics to assist in covering the numerous financial needs we will have in FY21.
- Refund

Please indicate your preferences of the above options to us via email at huskiestickets@niu.edu.

Thank you for your continued support of NIU Athletics. Please continue to remain safe during these times and we look forward to seeing you soon at a Huskie Athletics event.

Go Huskies!
